GPS Health & Safety

To help alleviate some of your concerns GPS has industry specific, health and safety management system partners that do the hard work for you.

Regardless of size, structure or location nationally recognised standards supported by many insurers are achieved. The service can be internet-based in addition to expert consultancy service, so you have control.

GPS partners can

- help you to produce a simple action plan
- guide you through areas of Health & Safety that apply to you
- draft your safety policy
- guide you to which risk assessments are required and provide the forms
- provide background information including documentation and legislation
- store the action you are taking
- provide consultancy services charged on a daily basis (not tied to contracts)

GPS partners can help with a comprehensive occupational health service to help with:

- Operational Risk Assessment
- COSHH Assessment
- Pre-Employment Screening
- Health Surveillance
- Immunisation and Vaccination
- Absence Management
