GPS Risk Management

GPS business risk partners provide a comprehensive risk management service.

GPS does far more than buy and sell insurance products.

GPS delivers continuous advice on Risk Management, Health and Safety, Business Continuity and Employment Practices. Advice to help drive costs out of **your business** with best practice refinements.

GPS is committed to delivering truly independent professional advice that

- 🔍 Looks carefully at **your business** using full fact find methods to identify risk areas and all exposures
- 🔍 Provides advice and recommendations on **your** working practices risks, **your** liability to the public and staff, liability for products **you** manufacture or supply

Complex legislation increases the need to identify, assess and minimise hazards within any business. Insurance cover should fit with a business that has sought to eliminate, reduce and control as far as possible pure risks, such as fire, security, health and safety hazards, and avoid detriment from speculative risks, such as contracts, e-commerce, marketing, fraud or other illegal practices.

A well managed risk management strategy is key to reducing risk within **your business**. Without a risk management strategy **your** personnel, reputation and profitability are at risk.

GPS partners will help formulate a Risk Management strategy to

- 🔍 avoid or eliminate risk wherever possible
- 🔍 reduce risk through prevention or control
- 🔍 retain risk responsibly
- 🔍 transfer risk where possible and prudent
- 🔍 mitigate in all areas

GPS partners will complete an initial review to identify the key risk exposures, assess the possible impact or severity of any identified risks, including any interaction between different threats and evaluate effectiveness of current risk control strategies.
